Summary:

The virtual industrial visit to "Vinodrai Engineers Pvt. Ltd." Jalna was organized by AAGECA and SAT on Friday, 24th December 2021. Seven SAT members along with faculty advisor Prof. K.S. Wasankar Sir visited Vinodrai Engineers Pvt. Ltd. to interact with Mr. Sunil Raithatha sir (Managing Director) and Mr. Sanjay Rodge sir (Director). The event was made available online through the Cisco Web-ex platform for all the students of GECA.

The visit started with the introduction of the SAT team. Director, Mr. Sanjay Rodge sir has given a brief introduction about management, products and customers. He also showed a short video clip about the process of rotational moulding machines. They are exporting rotational moulding machines to more than 65 countries all over the globe.

After the introduction, the team visited the design department. At the design department, Mr. Jagannath Badhe (head of the department) talked about the software used for 2D design. The 3D model was explained by Mr. Krushna sir.

Followed by the design department, MD of the company Mr. Sunil Raithatha sir (MECH 1977 batch) told us about the establishment, motto and dream machines of the company. Also, he motivated the students to select their domain and area of work based on their interest. He enthusiastically replied to questions of participants. He guided the students about the technologies used in the various types of moulding machines, waste management and employees intake. Finally, he told us about the expectations of the industry from upcoming engineers.

After that, the team visited an electrical department where Mrs. Dipali Bhandare madam (head of manufacturing- control panel) gave an overview of the PLC panel and non-PLC panel. Mr. Yusuf sir explained how panel are designed and manufactured for electric supply of rotational moulding machines. After that Mr. Sanjay Rodge sir answered the doubts and questions asked by online participants in the chat section. In the end Miss. Shubhangi Deokate (TE CSE) ended the virtual meeting with a vote of thanks.

This was the "First Industrial Visit conducted by AAGECA and SAT". We had more than 340 participants in the virtual meet. The visit was satisfactory and fulfilled every aspect.
