**Greetings to all,**

Hope you all are safe and taking preventive measures against the virus.

The college has partnered with **Coursera** to provide all the students of the institution as well as the faculty members, access to the platform free of cost. You can get all the courses, specialisations and projects with a shareable certificate for free for a limited time. It is suggested for students to take up courses related to their curriculum on a priority but they have the freedom to learn from any course they want.

This platform includes courses from the Physical Sciences, Engineering, Management, Business to Arts and Culture and much more. The institute has currently capped the number of courses that can be taken at a time to 3 and can be increased on the completion of these courses. If as a student you are confused to decide which course to take for your curriculum please consult your faculty or the students from your class or your seniors.

Faculty members are requested to search and suggest courses to their students. To search for project related courses **enter "Rhyme" in the search bar and select from a variety of hands-on projects**.

**Below are the useful links.**

**Coursera Homepage:** [https://www.coursera.org/](https://www.coursera.org/)

**Google Form Link:** [https://forms.gle/1NL8vCfzHGTDWzbR8](https://forms.gle/1NL8vCfzHGTDWzbR8)

After you fill the Google Form you will receive an invitation to join the Coursera platform within 24 hoursunder the Coursera for Campus program for our college. Follow the instructions there and you will be on your way. The institute encourages all the students to take up courses and best utilise their time in amidst of this crisis. For any queries related to this program or Coursera please reach out to [courserageca@gmail.com](mailto:courserageca@gmail.com) and expect a reply within 24 hours.

**Dr. S. S. Mohite,**                                                    **Ashish Kumar,**

**TEQIP, Coordinator**                                          **Student Coordinator**

                                                                                **For any queries write to:**

                                                                                **courserageca@gmail.com**
