Student Council and Department of Electrical Engineering

in association with

LiGHT SAMVEDNA **SHRAMDAN - Cleanliness Drive**

under

Aazadi ka Amrit Mahotsav

October 2nd, 2022 @GECA

The goals of cleanliness are health, beauty, absence of offensive odour and to avoid the spreading of dirt and contaminants to oneself and others. With the help of cleanliness, **we can keep our physical and mental health clean, which will make us feel good.**

Mahatma Gandhi said “**Cleanliness is next to godliness.**” He also said “Sanitation is more important than independence”. While staying in the west, though Gandhi strongly ridiculed many western customs, he was impressed by the level of sanitation followed by the people.

On the Occasion of Mahatma Gandhi Jayanti, Student Council, department of electrical engineering and Light Samvedna Club of GEC,Aurangabad took an initiative to clean the Campous by taking a cleanliness drive. At that time college Pricipal Dr. A.S.Bhalchandra,, Dean of Student Activities- Prof. Santosh Atipamulu, the Faculty advisor of the club Dr.Shilpa Kabra, Head of Department of Electrical Engineering Dr. Ghanegaonkar and all other faculties were present there to encourage the students as well as to participate in this drive. All the members of the Central Council, members of Light SAMVEDNA, faculties and college students participated as volunteers.

- **Contribute to the cleanliness drive..**

Waste bins with appropriate liners should be placed wherever required and a schedule is laid down for removal of waste and cleaning of the bins. Segregation of general waste into biodegradable and recyclable should be done at the point of generation to facilitate disposal.

- **Benefits of cleanliness**

It reduces the chances of hazards and emergencies. Regularly cleaning and maintaining a workplace keeps everything in order, troubleshoots in case of malfunctions and therefore, reduces the risk of unforeseen hazards. Cleanliness boosts mental health and keeps the mind fresh and working.
