SIEMENS SCHOLARSHIP PROGRAM

The Siemens Scholarship Program is a unique program with a 4 year Holistic Development Plan to foster young talent.

Annual Scholarship comprises:

- Reimbursement of tuition fees
- Allowances for books, stationery, hostel, additional classes, etc

Holistic development program with internships at Siemens and other multinational companies.

This scholarship is offered to the First Year students and these students get scholarship till their completion of graduation subjected to the fulfilment of Company's rules and regulations. Every year newly admitted interested First Year students shall contact senior students who got this scholarship.

The program is open to all bright engineering students from government colleges across India.

Currently 17 students of our Institute are getting SIEMENS Scholarship.
