In case the university/ institution does not have any scheme for converting CGPA into equivalent marks, the equivalence would be established by dividing the candidate’s CGPA by the maximum possible CGPA and multiplying the result with 100. In case the percentage of marks in aggregate comes in fraction then percentage of marks in aggregate shall be rounded off e.g. 44.50-44.99 % shall be rounded to 45% and 44.01- 44.49 % shall be rounded to 44%marks.*

**3.3** In addition to above, the candidates will have to fulfill the eligibility requirements prescribed by the University, if any.
