## Analysis of Alumni Feedback (2019-20)

We collected feedback of alumni for curriculum, analysed it, extracted their suggestion and created a word cloud. Word cloud showed that alumni suggests more MOUs with industry and industry oriented curriculum, Word cloud is shown as follows:

*Fig: Word Cloud of Employer’s Suggestions*

Sr. No.	Remark / Suggestion
1	In upcoming years, if we can have more MOUs signed with companies and arrange courses based their requirements, then it would be better for students from placement perspective.
2	Curriculum may have some industry-related topics / Subjects which are based on latest technology and adhere to the basics of Computer Science.
3	Due to the boom in Artificial Intelligence and Machine Learning and its relevance in today's tech-driven world, the electives offered could include courses in AI, ML, data science. Blockchain and lot could also be potential courses due to their emerging impact. The curriculum can also encourage students to engage more in competitive coding, hackathons, robotics and coding clubs for more practical approach,

3	RUCHA ENGINEERS	Pleased to come in this organization for interaction with students. The quality of students is very good undoubtedly. Students are technically, and professionally Sound. One more thing I want to admit that candidates are generally from rural area and Marathwada region, so decently we have the good potential in this region also. Recommending all other industries to come here and get the required talent.
