Staff (Class I):

Dr. V. J. Pawar
Head of the Department and Assistant Professor

Dr. Vikul Jagansing Pawar, currently serving as Assistant Professor at the Government College of Engineering, Aurangabad, holds a Ph.D. (2023) and M.E. (2014, 8.625 CGPA) in Computer Science & Engineering, with 16 years of combined academic and industry experience. He has published 17+ research papers in SCOPUS and IEEE-indexed venues, authored a textbook for first-year engineering, and filed 3 patents in AI-driven medical diagnostics and educational cloud systems. He has coordinated 10+ workshops and FDPs, including TEQIP-funded programs on Python and Network Security, and earned multiple NPTEL certifications with a silver medal. His teaching and research interests span data analytics, cybersecurity, image processing, and cloud computing, with contributions such as a hybrid CNN-CSO model for lung cancer classification (IJCDS, 2023) and a Springer book chapter on assistive technology for the visually impaired.

Prof. V. A. Chakkarwar
Assistant Professor

Vrishali Ashok Chakkarwar is an Assistant Professor in the Computer Science & Engineering Department at Government College of Engineering, Aurangabad, with an M.E. (2008, 74%) and B.E. (2001, 69.89%) in Computer Science & Engineering. She has held multiple administrative roles, including Associate Dean PG Academics since 2017-18, ME Coordinator since 2011-12, and SPOC for the NPTEL Local Chapter. She has organized industrial visits, coordinated workshops, and contributed to the PG curriculum design. She has attended over 10 faculty development programs and training sessions in areas such as machine learning, big data, network security, and ICT, offered by institutions including IIT Bombay, MNIT Jaipur, and NASSCOM. She has authored over 15 research papers in reputed journals and international conferences, covering domains like medical image processing, steganography, web analytics, and biometric identification, and has been awarded "Best Paper" at ICSCI-2008. She has also facilitated academia-industry collaborations, including an MoU with Sand River Technology Pvt. Ltd. for Android development training.

Prof. V. A. Injamuri
Assistant Professor

Vijayshri A. Injamuri, currently serving as an Assistant Professor in the Computer Science & Engineering Department at Government College of Engineering, Aurangabad, holds an M.E. in Computer Science and Engineering from BAMU University (CGPA 7.50%) and a B.Tech in Information Technology from SNDT Women's University (CGPA 6.54%). With over 8 years of academic experience, including 7 years and 10 months at her current institution since November 2009, she has taught students across all undergraduate years and has held key administrative roles such as Departmental Exam Controller, Class Coordinator, and Girls' Hostel Warden. Her technical expertise spans Linux, Android, C, C++, Java, MATLAB, HTML, SQL, and various development tools. She has published a research paper on Linux security (ICCIT 2014, Goa) and actively participated in TEQIP and AICTE-sponsored FDPs and workshops on machine learning, image processing, pedagogy, and network security. Proficient in English, Hindi, Telugu, and Marathi, she is dedicated to academic and institutional development through both teaching and administrative contributions.
